

VERTICAL STAND HAC14

Year 1
study

Features

- Free standing "wall"
- Alternative if wall not available
- Optimises laboratory space
- Double sided
- No bench space needed

Description

A vertical aluminium extruded post 1.65m high attaches to a heavy 500 x 500mm steel base plate with integral adjustable levelling feet at each corner.

Three cross arms are all adjustable in height vertically along the main post, giving possible centre fixing positions between 40 and 400mm.

Each piece of extrusion has integral grooves on each side which can all incorporate fixings along their length.

Fixings are supplied to allow apparatus attachment to the stand.

The arrangement allows possible attachment of apparatus on both sides.

An Instruction manual is provided along with a 2-year warranty for the apparatus.
