

## STUDENT TOOL KIT TKB

### Features

- A complete tool kit which allows users to build and maintain refrigeration units in a school or college environment
- The selection of tools offers both imperial and metric options

### Description

PA Hilton offer this range of tools as a complete kit to allow students to build, maintain and disassemble refrigeration equipment. The kit offers both imperial and metric tools to reflect the size qwerks relevant to the refrigeration industry. Users should always satisfy themselves that they have the correct skills and certification before undertaking any work on a refrigeration unit. Please refer to the technical specification for a list of the items provided in this service kit.
